As of January 1, 2005 Milwaukee regions were re-organized. Region 3 was dissolved and the caseload was assigned to Region 2 & 4.

\* An agency must meet all required standards to meet the Contract Performance Standard.

\*\* Information for these standards will not be available until May 2005 for Quarter 1 2004 performance and are measured on a quarterly basis.

\*\*\* Participants that were referred in 2004 and closed in January 2005 with no intervening activities were removed from the denominator.

OIC ended contract March, 2005

Brown County ended contract and joined 115. Bay Area Consortium May, 2005

YWCA started January 1, 2005.

Percentages calc adjustment: =IF((A75/A76)>=0.35,(A75/A76),IF((A75+1)/A76>=0.35,((A75+1)/A76),IF((A76)=0,A76,(A75/A76))))

if % meets base contract level then do calc, or if not add 1 to numerator then do calc, if denominator=0 then put 100%, else do calc

If agency not meeting benchmark by less than .5 then they passed.

Those agencies with zero denominator were put at 100% to pass.
